

PRESS RELEASE – Sept. 15, 2016
Government Relations: 972-624-3108

Main Street traffic switch: Sept. 15-16

THE COLONY, Texas — As part of an effort to keep residents informed, officials with the City of The Colony are in continuous contact with representatives from the Texas Department of Transportation regarding the progress of the Main Street Widening Project.

In addition to lane closures, we feel it important to provide residents with notices of traffic switches because lanes may be configured differently than the last time you drove them. Motorists are encouraged to focus on the roadway in order to avoid accidents from being in the wrong lane.

Upcoming or ongoing switches are listed below. *You may need to refresh your browser to view the most-current document.*

Traffic Switch

The following roadwork is scheduled for 9 a.m. to 3:30 p.m. Thursday & Friday, Sept. 15-16:

- both the east- and westbound lanes of North Colony Boulevard at the intersection of FM 423 will be moved from the north side of the roadway to the south side. Preparations are underway but if unable to complete the work Sept. 15, it will be continued on Friday, Sept. 16. Click [here](#) for a diagram of the new configuration.

During construction, the Engineering Department will also post updates and information regarding the overall progress of this project at <http://thecolonytx.gov/Resident/RoadRepairs.html>, including when and where specific work will take place. In addition, updates can be found on the city's social media and in the bimonthly electronic newsletter. If you have additional questions, you may email Director of Government Relations Brant Shallenburger at bshallenburger@thecolonytx.gov or call 972-624-3108.
